

Apple Watch Hermès

A deep collaboration

A dramatic new collection

Cupertino and Paris, 10 September 2019

The collaboration between Apple and Hermès, based on a unique vision and shared values, continues this autumn with radical new creations for Apple Watch Hermès Series 5.

Apple Watch Hermès is the expression of a shared quest for excellence, attention to detail, and a profound respect for know-how and craftsmanship.

Dark Art, black shines a light on time

The dial of Apple Watch Hermès Series 5 is entirely in black, as are the strap and buckle.

The time is revealed by the interplay of light and shadow that accompanies the revolution of the hands.

Della Cavalleria, a play on monochrome and printed leathers

Apple Watch Hermès Series 5 also plays on contrasts with new straps. Three monochrome colours – encre, étain, and brique – combine with leather printed with the *Della Cavalleria* scarf design. The dial harmonises with these new creations, prolonging the intensity of the colours.

Apple Watch Hermès Series 5 will be available to order on hermes.com and apple.com from 10 September, with availability in selected Hermès and Apple stores from 20 September in Australia, Canada, China, France, Germany, Italy, Japan, Singapore, Spain, Switzerland, the UAE, the UK and the US.
