### Release

Paris, 28 November 2017

On 19 September 2017, Hermès International has instructed an investment services provider ("ISP") to buy back Hermès International shares on its behalf, independently, in accordance with the applicable regulation and depending on market conditions, up to a maximum of 400,000 shares, at a maximal price per share of 450 euros and until 30 November 2018 at the latest.

Between 19 September 2017 and 27 November 2017, 400,000 shares, representing 0.38% of the Group's share capital, were acquired pursuant to this mandate.

Since the maximum number of shares that could be acquired by the ISP within its mandate was reached, this mandate is terminated since 27 November 2017.

The detail of the operations completed within the buy-back program is available on the Group's website: <http://finance.hermes.com>.
